FOR THE NORTHERN DISTRICT OF ILLINOIS

MFB FERTILITY INC.,	
	Plaintiff,
v.	Case No. 1:23-cv-03854
ACTION CARE MOBILE VETERINARY CLINIC, LLC,	Judge Harry D. Leinenweber Magistrate-Judge Gabriel A. Fuentes
	Defendant.

AMENDED COMPLAINT

Plaintiff MFB Fertility Inc. (“Plaintiff” or “MFB Fertility”) by and through its counsel, brings this action for Copyright and Trademark Infringement against Defendant, Action Care Mobile Veterinary Clinic, LLC (“Defendant” or “Action Care”).

NATURE OF THE CASE

1. This is an action for copyright and trademark infringement.
2. Plaintiff, MFB Fertility Inc. researches, develops, and sells in-home tests for fertility tracking purposes.
3. MFB’s in-home fertility tests (the “MFB products”) are offered for sale in the United States under the brand name and United States registered trademark PROOV®.
4. The MFB products measure the presence of progesterone metabolites in urine. Progesterone is a hormone produced in the ovaries after ovulation has occurred. The MFB products allow couples to better monitor their fertility at home.
5. The MFB products were the first at home ovulation confirmation test to obtain clearance by the United States Food and Drug Administration.

6. The MFB products have been utilized by tens of thousands of women across the United States to assist with ovulation confirmation.

7. Defendant, Action Care, is an online retailer that sells progesterone test strips called “OVUPROOF” under the trade name “Action Care Wellness.”

8. Without authorization from MFB, Action Care copied and published on Action Care’s website and its Amazon product listing page, substantial portions of copyrighted materials owned exclusively by MFB.

9. MFB’s promotion, offer for sale and sale of progesterone products under the name OVUPROOF is further likely to cause confusion, mistake, and deception with MFB’s PROOV mark among a substantial segment of potential purchasers and thus constitutes a violation of MFB’s trademark rights.

10. Action Care’s unlawful conduct constitutes trademark and copyright infringement.

11. This Complaint seeks equitable and legal relief from Action Care for its blatant and willful infringement of MFB Fertility’s copyrights and trademarks.

PARTIES

12. MFB is a corporation incorporated in Colorado with a principal place of business in Boulder, Colorado.

13. Action Care is a Maryland limited liability company and an online retailer specializing in the sale of Action Care PdG ovulation test strips under the trade name Action Care Wellness. The Action Care Wellness trade name was registered on December 5, 2022.

BACKGROUND OF FACTS

25. Plaintiff MFB researches, develops, and sells in-home tests for fertility tracking purposes.

26. Plaintiff's founder and CEO, Dr. Amy Beckley, is a scientist with a PhD in Pharmacology and is a nationally recognized fertility expert.

27. In 2016, after experiencing her own fertility challenges, Dr. Beckley invented a test that measures the presence of progesterone metabolites in urine and allows women to confirm successful ovulation by tracking progesterone (PdG) levels at home. MFB promotes, offers for sale, and sells products utilizing such tests under the trademark PROOV®.

28. Products offered under the PROOV® brands were the first to obtain FDA clearance as an at-home ovulation confirmation test and have been utilized by tens of thousands of women across the United States to assist with ovulation confirmation.

29. PROOV® branded products are particularly concerned with simple practical procedures that can readily be applied by unskilled persons, e.g., in the home, to provide reliable information concerning confirmation of whether or not ovulation has occurred, whether progesterone levels are sufficient to support a pregnancy, and other information relating to or deriving from the presence of progesterone in the body.

30. Since the PROOV® branded products were first introduced to the market, MFB has made significant investments toward marketing and promoting its test products under the PROOV® name and, as a result, PROOV® has become uniquely associated within the in-home ovulation test market as being a source-indicating designation for MFB and its products. Potential purchasers of in-home test products have come to exclusively associate PROOV®-branded products as being synonymous with MFB and genuine MFB goods. Accordingly, MFB has built up considerable goodwill in connection with the PROOV® brand, which has become valuable intellectual property.

68. This Court has jurisdiction over the subject matter of this claim, this being a claim of trademark infringement arising under the Trademark Laws of the United States as codified in 15 U.S.C. § 1051 et seq.

69. Plaintiff owns United States Trademark Registration No. 5,622,245 for the PROOV® trademark.

70. The PROOV® trademark is fanciful and arbitrary and is associated in the mind of the public exclusively with products sold by MFB.

71. Based on Plaintiff's extensive advertising, sales and the wide popularity of the PROOV® mark, the PROOV® trademark has obtained Federal Trademark Registration so that any product and advertisement bearing such trademarks is immediately associated by purchasers and the public as being a product of and affiliated with MFB.

72. Defendant copied or otherwise imitated the PROOV® trademark in connection with selling, distributing and advertising Plaintiff's products.

73. Defendant's activities set forth herein constitute use in commerce of the PROOV® trademark and are likely to cause confusion to consumers.

74. Defendant has used the PROOV® trademark without Plaintiff's consent or authorization. Defendant's use, including the sale and distribution of infringing products in

interstate commerce, has caused actual confusion and is likely to cause confusion and mistake in the minds of the public, leading the public falsely to believe that Defendant's products emanate or originate from Plaintiff, or falsely to believe that Plaintiff has approved, sponsored or otherwise associated itself with Defendant.

75. Defendant has intentionally used the PROOV® trademark in connection with its promotion, advertisement, offer for sale, sale, and distribution of goods associated therewith knowing that such trademark is Plaintiff's exclusive property.

76. Defendant has engaged in activities involving the PROOV® trademark with the intent to confuse and deceive consumers into believing that Defendant, and the goods it sells, are in some way sponsored by, or affiliated with or associated with Plaintiff or its products.

77. Defendant's unauthorized use of the PROOV® trademark as set forth herein has resulted in Defendant unfairly benefiting from Plaintiff's advertising and promotion, and profiting from Plaintiff's reputation and its registered trademarks to the substantial and irreparable injury of the public, Plaintiff, and the PROOV® trademark and the substantial goodwill represented thereby.

78. Defendant's acts constitute trademark infringement in violation of section 32 of the Lanham Act, 15 U.S.C. § 1114.

79. Defendant's acts have caused, and will continue to cause, great and irreparable injury to Plaintiff, and unless such acts are restrained by this Court, Defendant will continue such acts, thereby causing Plaintiff to continue to suffer great and irreparable injury.

80. Plaintiff has no adequate remedy at law and is suffering irreparable harm and damage as a result of the aforesaid acts of Defendant in an amount to be determined at trial.

WHEREFORE, Plaintiff demands judgment against the Defendant as follows:

A. That the Court order that Defendant, its officers, agents, directors, servants, employees, representatives, successors, and assigns and all persons, firms or corporations in active concert or participation with Defendant, be immediately and permanently enjoined from:

(1) directly or indirectly infringing Plaintiff's trademark as described above in any manner including generally, but not limited to, copying, distributing, advertising, selling, and/or offering for sale any merchandise that infringes the PROOV® trademark including without limitation Defendant's products using the "PROOV" name, and specifically distributing, advertising, selling and/or offering for sale unauthorized copies of the PROOV® trademark or any other unauthorized goods that picture, reproduce, or utilize the likenesses of or which copy or bear a substantial similarity to any of Plaintiff's trademarks;

(2) using the PROOV® trademark and trade dress rights or marks confusingly similar thereto;

using the name "OVUPROOF" on or in association with any products; advertising (over the Internet, through catalogs or otherwise), selling, importing, exporting, using, accepting orders for or offering to sell products in conjunction with, or under, the "PROOV" name and appearance; engaging in any conduct that tends falsely to represent that, or is likely to confuse, mislead or deceive purchasers, Defendant's customers and/or members of the public to believe that, the actions of Defendant, the products sold by Defendant or Defendant itself are connected with Plaintiff, are sponsored, approved, or licensed by Plaintiff, or are in some way connected or affiliated with Plaintiff;

causing further confusion with and injury to Plaintiff's reputation, business and the PROOV® trademark and common law trademarks, including Plaintiff's name and likeness or other forms of advertisement and trademarks;

(3) otherwise competing unfairly with Plaintiff in any manner;

(4) diluting and infringing the PROOV® trademark and damaging Plaintiff's goodwill, reputations and businesses.

B. That Plaintiff be awarded damages in an amount sufficient to compensate it for the injuries it has sustained by reason of Defendant's unlawful acts, including Plaintiff's loss of goodwill, loss of past and/or future sales and damages caused by Defendant's acts of trademark and trade dress infringement, common law trademark infringement, unfair competition and trademark dilution, as well as for State common law trademark infringement. That Plaintiff be awarded increased damages based upon the intentional and willful nature of Defendant's trademark infringement of the kind complained of herein. That Plaintiff be awarded all profits received by Defendant from the sale of products identified or advertised through the use of identical or confusingly similar designations of the PROOV® trademark.

C. That the Court issue an order requiring Defendant to pay to Plaintiff such damages as Plaintiff has sustained as a consequence of Defendant's infringement of the PROOV® trademark and unfair competition and to account for all gains, profits, and advantages derived by Defendant from the sale of its infringing merchandise bearing the PROOV® trademark and that the award to Plaintiff be trebled as provided for under 15 U.S.C. § 1117; alternatively, that Plaintiff be awarded statutory damages pursuant to 15 U.S.C. § 1117(c) of up to \$1,000,000 for each trademark that Defendant has willfully counterfeited and infringed.

D. That the Court issue an order that Plaintiff recover the costs of this action together with reasonable attorneys' and investigators' fees and prejudgment interest in accordance with 15 U.S.C. § 1117.

E. That Plaintiff be awarded punitive damages for Defendant's willful and malicious acts of common law unfair competition.

F. That Defendant be ordered to deliver up for destruction all advertisements, circulars, brochures and any other items in its possession, custody or control bearing the PROOV® trademark or any other similar designations.

G. That Defendant be ordered to (a) prepare and send to its customers and the general public corrective statements approved by Plaintiff, correcting all false statements made and all misrepresentations made concerning the PROOV® trademark; (b) to disclaim any association between Defendant and Plaintiff and/or its products; and (c) to recall and make reasonable efforts to obtain the return of any infringing or confusingly similar products from its customers.

H. That judgment be entered in favor of Plaintiff and against Defendant on each claim made in the Complaint.

I. That the Court provide Plaintiff with such other and further relief as it deems just and proper, or that Plaintiff may be entitled to under the law.

COUNT II: COPYRIGHT INFRINGEMENT

81. Plaintiff incorporates all prior allegations as if set forth fully herein.

82. Plaintiff is, and at all material times hereto has been, the owner of the copyrights in the Copyrighted Material and is entitled and authorized to protect itself against copyright infringement, including the enforcement of copyright actions against infringers.

83. Pursuant to 17 U.S.C. § 106, Plaintiff has the exclusive rights to reproduce, publicly display, and distribute the Copyrighted Material.

84. Pursuant to 17 U.S.C. § 106, Plaintiff has the exclusive right to prepare derivative works based upon the Copyrighted Material.

85. Plaintiff owns all right, title and interest in and to United States Copyright Certificate of Registration for Copyright No. TX 9-332-600.

86. Plaintiff had access to the Copyrighted Material depicted in Copyright Registration No. TX 9-332-600.

87. Plaintiff copied the Copyrighted Material depicted in Copyright Registration No. TX 9-332-600. The “Ovupoop” product advertisements and product descriptions used by Defendant in Defendant’s promotion, advertisement, offer for sale, sale of Defendant’s products are strikingly and substantially similar to the Copyright Registration No. TX 9-332-600 entitled “Proov Marketplace” in that the look and feel of Defendant’s infringing material and the Copyrighted Material are substantially similar. Defendant has violated and infringed upon Plaintiff’s Registered Copyright No. TX 9-332-600.

88. Plaintiff became aware that Defendant was promoting, advertising, and offering for sale products using product descriptions and advertisements substantially similar to Plaintiff’s Copyrighted Material.

89. Defendant has infringed and continues to infringe, Plaintiff’s Copyrighted Material by reproducing, publicly displaying, promoting, advertising, and offering for sale products using product descriptions and advertisements substantially similar to Plaintiff’s Copyrighted Material without Plaintiff’s authorization.

90. At a minimum, Defendant has acted in reckless disregard of Plaintiff’s copyright interest in Plaintiff’s Copyrighted Material.

91. Plaintiff is entitled to its actual damages, including Defendant’s profits from infringement, in amounts to be proven at trial.

92. Defendant’s conduct is causing and, unless enjoined by this Court, will continue to cause Plaintiff irreparable injury that cannot fully be compensated or measured in money. Plaintiff has no adequate remedy at law. Plaintiff has been irreparably harmed by the infringing acts.

Pursuant to 17 U.S.C. § 502, Plaintiff is entitled to permanent injunctive relief prohibiting infringement of Plaintiff's copyrights and exclusive rights under copyright.

WHEREFORE, Plaintiff demands judgment against the Defendant as follows:

- A. A judgment finding that Defendant copied Plaintiff's Copyrighted Material and is liable for copyright infringement in each of the infringing acts;

- D. an award of Plaintiff's actual damages, including Defendant's profits, in amounts to be proven at trial;
- E. an award of prejudgment and post-judgment interest to provide such other remedies under the copyright laws of the United States and/or as the Court deems reasonable and just; and
- F. all other relief the Court deems just and fair.

- DON'T JUST PREDICT OVULATION, CONFIRM OVULATION SUCCESS:** Unlike traditional ovulation tests which measure LH, Proov Confirm measures PdG, a urine marker of progesterone. Understanding PdG levels provides insight into ovulation that can affect your chance at successful pregnancy — a key piece of the puzzle when you're trying to conceive.
- WORKS WITH THE FREE PROOV INSIGHT APP:** Take your knowledge further and get lab-level numeric results at home in minutes, including your Proov-exclusive Ovulation Quality Score. You'll also get details on what your results mean and action plans to help you meet your goals.
- THE ONLY FDA-CLEARED PdG TEST:** No other brand can test PdG (a urine marker of progesterone) to Proov's standard, thanks to our patented, Proov-exclusive protocol.
- WORKS ALONGSIDE OVULATION TESTS (OPKS) AND PREGNANCY TESTS:** Use OPKS to understand your fertile window (the best time to "try"), and a pregnancy test at the end of your cycle to check for pregnancy. Proov Confirm fills the gap between the two, confirming if your ovulation set the stage for an optimum chance at success.
- 1:1 SUPPORT INCLUDED WITH EVERY PURCHASE:** We're here to help you reach your fertility goals faster. Join our community and connect with fertility hormone experts by following our social media or just calling us at 1-877-PROOVIT.

Did you just have a very subtle PdG rise? It is not uncommon for people who ovulate regularly to have a very slight rise in PdG levels each year where they do not ovulate. If you have had more than one cycle of suspected lack of ovulation, we recommend talking to your doctor.

 Cool data

Reviewed in the United States on February 4, 2022

Size: 9 Count (Pack of 2) | **Verified Purchase**

I'm a person who likes data and I find these tests to be helpful especially since my period is so irregular. After I Got my first LH peak my pdg was negative. I reached out to proov and they said there was a chance I had a false surge and to continue testing LH to see if I get another. They were right! 2 days later I got my biggest LH surge and 7 days later confirmed I ovulated. Sometimes too much data can become overwhelming, but these are a nice and easy way to get an extra piece to the TTC puzzle.

 I had disappointing negatives and some strong positives - this does work

Reviewed in the United States on June 5, 2022

Size: 9 Count (Pack of 2) | **Verified Purchase**

I think when using this it must be kept in your mind that the results are for the day before. So if you get a blood test the next day it does not still prove it is not correct as levels fluctuate. I myself had a disappointing negative, went out and got a blood test and came back with very strong progesterone. When I tested the next day, sure enough the test came back strongly positive as well as it represents the previous days average levels as confirmed by blood tests.

My results were strongly positive because I did have a pregnancy that did not last. I used to monitor progesterone the next week and saw that my results were no longer strong and unfortunately it resulted in a chemical pregnancy. I was thinking the results were wrong but found out they were not when my period came shortly after the sub par testing results.

I have since had very strong positive results so I have experienced both positives and negatives. There customer service is also extremely helpful and supportive.

★★★★★ Must have for every woman!
Reviewed in the United States on January 25, 2022

I'm so impressed with Proov PDG strips! I have been TTC for two years with several unexplained pregnancy losses. Thanks to finding Proov PDG strips I was able to identify that I have low progesterone and my doctor prescribed it for me! I was also inspired to make dietary and lifestyle changes and I've been delighted to see my hormone levels become healthier each month. Great tool for women to better understand their cycle and overall reproductive health!

★★☆☆☆ Doesn't work
Reviewed in the United States on September 1, 2021
Size: 9 Count (Pack of 2) | [Verified Purchase](#)

The app and results came up negative and said I didn't ovulate. Yet, here I am 5 weeks pregnant. All it did was give me unnecessary anxiety and wasted my money. I don't feel right selling them to someone else since it didn't work for me.
